(Associated Press)  
WASHINGTON, Oct. 19.—Resolutions denouncing the murder of Prof. Ferrer by the Spanish government, referring to him as a martyr, were adopted at today's session of the American Federation of Labor by the executive council of that body. The resolution says: "We take this occasion to deplore the military murder of a man whose real offense was speaking, writing and otherwise teaching humanity to become more liberty loving, more wise and more free, and to remind the people that their country and liberty were only secure when trial by jury in an open court for any offense involving severe punishment, is guaranteed." It also declares that "The cause of free speech, free press and free education has found in Prof. Ferrer another martyr, which is all the more regrettable in an age when civilization boasts of having replaced the tortures and brutality of the middle ages by freedom and enlightenment." Ferrer is declared to take rank with all those who have done the greatest service for humanity, declaring that although Ferrer suffered an ultimate penalty of a shameful death, the belief is expressed that his sacrifice shall not be in vain.

"The echo of that shot will shake down every throne in Christendom," declared Charles Edward Russell, the magazine writer, and chairman of the meeting.

(By Associated Press)  
LOS ANGELES, Oct. 19.—While Mrs. George Stahl, wife of a brewery employe, was asleep in her home last night, she was attacked by a man who cut her throat with a razor. There is no clue to the criminal's identity other than the blood-covered razor which he left behind. The woman's husband was at work in the brewery at the time of the attack.

Mrs. Stahl almost bled to death and her life was saved by the driver of the patrol wagon, Officer Gilpin, who closed the wound in her throat with his fingers until the ambulance reached the hospital. She is expected to recover.

## ROOSEVELT HAD NARROW ESCAPE FROM ELEPHANT

(By Associated Press)  
NAIROBI, Oct. 19.—Mr. Cresswell, a government engineer in the public works department, came into Nairobi this afternoon and brought word that Mr. Roosevelt had a very narrow escape when shooting a bull elephant.

In shooting elephants it is often necessary to creep into the herd and shoot the selected bull at a range of 20 to 30 yards. Mr. Roosevelt, accompanied by Mr. Cunningham, the big game hunter and guide, followed this procedure and secured his elephant at the second shot.

Suddenly, before Mr. Roosevelt could reload, another bull elephant charged him at close range. The two hunters got behind trees and Cunningham fired and turned the bull from Roosevelt just in time.

The idea of being able to eat dinner without having to "speak for it, like Fido," appealed to him strongly. Tomorrow he takes a ten mile trip to the Rincon ranch to see a round-up, and cowpunching. His saddle had to be especially made, as no ready made saddle was large enough for him.
